

You are going to live long
Be engaged for two years
Be married
And have two children

The man you loved hurt your feelings
When you tried to get closer
He just pushed you away

He is thinking of you
He thinks of you a lot
He misses you
He is not happy now with her
She treats him bad

You are a good person
You have a nice smile
You are positive
Be positive
Stay positive

You give a lot to others
But you don't get back as much in return

You are going to be successful in you career
But what you are going to do
Is not recognized yet

There is a man in your life
He wants you
But you have to get rid of your bad aura
Before he can get close

You are a good person
Nice smile
